Brief Introduction

Qingdao Prime Industries CO., Limited founded in 1997, located in the beautiful coast city Qingdao, Shandong province of China.

We have been an integrated manufacturer of producing traffic safety products and modern livestock husbandry equipment, especially pig stall equipment has obtained a number of patent certificates.

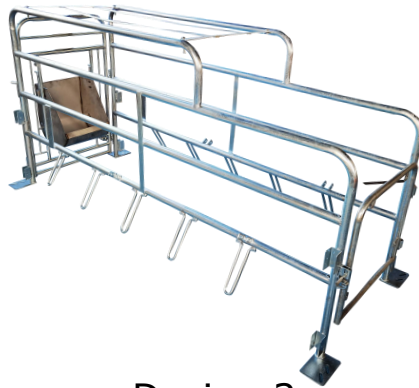

The livestock husbandry equipment include farrowing crate, gestation crate, nursery bed/crate, fatten crate, auto drinking bowl, auto feeder trough, floor series. Our products have exported to Japan, USA, Brazil, Netherlands, Russia, and many other countries.

Look forward to be your long term business partner in the future.

Farrowing crate

Design 1

Design 2

Design 2

Name	Pig Farrowing crate
Dimension	2.4m*0.65m(Crate) 2.4m*2.4m*0.5m(Pen)
Material	Hot dip galvanized steel
Size	Customizing

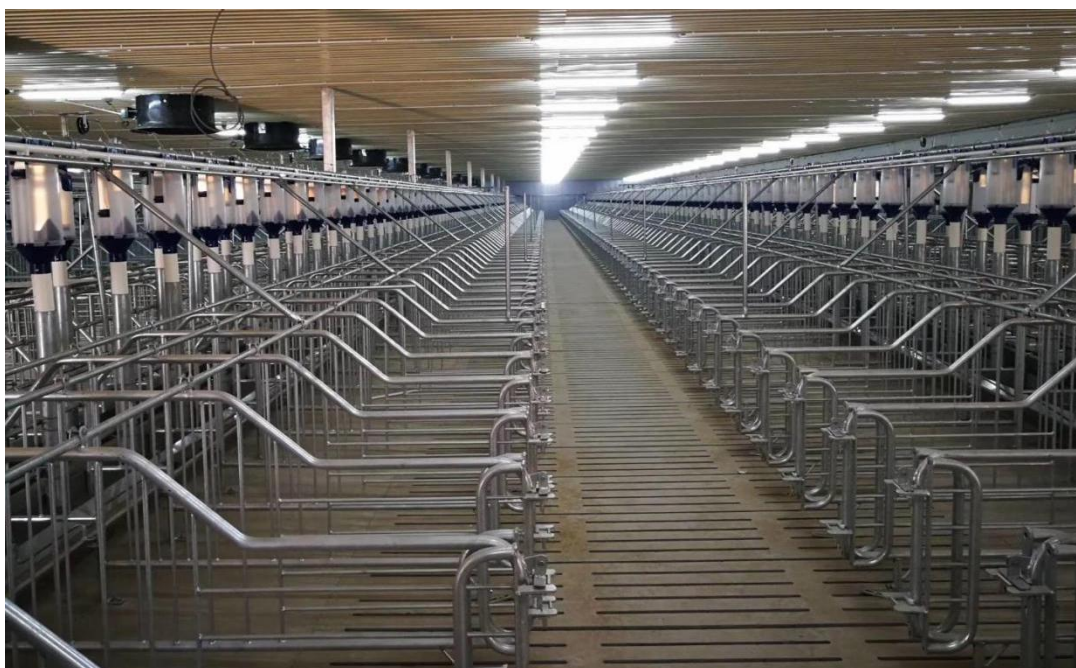

Gestation crate

Design 1

Design 2

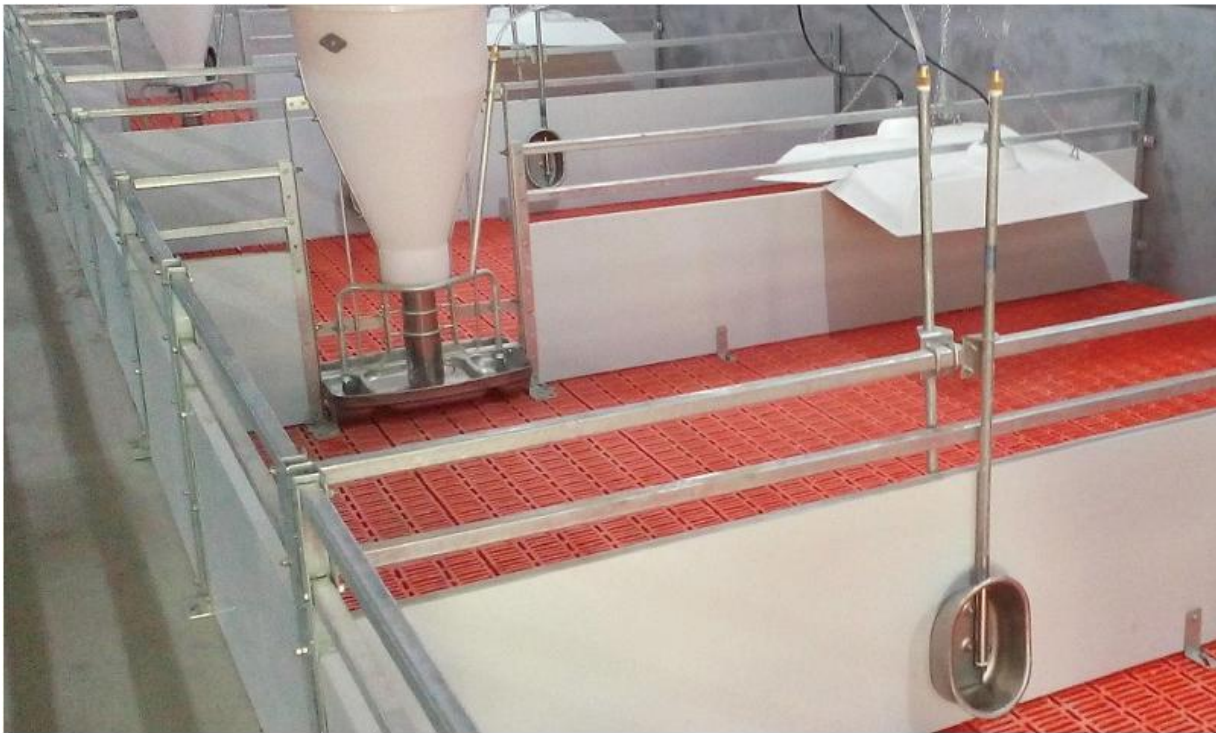

Name	Pig Gestation crate
Dimension	2.2m*0.65m
Material	Hot dip galvanized steel
Size	Customizing

Fatten crate

Name	Pig Fatten pen
Dimension	2.2m*3.6m*0.7m
Material	Hot dip galvanized steel
Size	Customizing

Nursery Bed / Pen

Name	Piglets nursery bed / pen
Dimension	2.2m*3.6m*0.7m
Material	Hot dip galvanized steel/PVC fence
Size	Customizing

Trough series

Name	New design Welding upgrade design trough
Size	500x420x290-1.5
Material	Food grade 304 stainless steel Integral stretch

Name	Trough
Size	Large size
Dimension	520x380x230-1.5
Material	Food grade 304 stainless steel Integral stretch

Name	Trough
Size	Medium size
Dimension	455x375x230-1.2/1.5
Material	Food grade 304 stainless steel Integral stretch

Name	Trough
Size	Small size
Dimension	420x375x230-1.2/1.5
Material	Food grade 304 stainless steel Integral stretch

Trough series

Name	water bowl
Size	Large Size
Dimension	340x240x100
Material	Food grade 304 stainless steel Integral stretch

Name	water bowl
Size	Small size
Dimension	290x185x80
Material	Food grade 304 stainless steel Integral stretch

Name	Semicircle water bowl
Size	/
Dimension	200x180x60
Material	Food grade 304 stainless steel Integral stretch

Trough series

Name	Long Feeder trough
Size	M-mode (customizing)
Dimension	Customizing
Material	Thickness customizing, 201/304 stainless steel

Name	Stainless steel trough
Size	Customizing
Dimension	Customizing
Material	Customizing

Name	Dry feeder trough for pig fatten use
Size	GLC-2
Dimension	φ710X970mm
Material	Stainless steel chassis

Trough series

Name	Feed trough
Size	Small size
Dimention	360X360X230-1.2
Material	Adopt food grade 304 stainless steel

名 称	Feed trough
型 号	Embossing design
尺 寸	485X400X250-1.2/1.5
材料说明	Adopt food grade 304 stainless steel

名 称	Trough
型 号	Welded trough
尺 寸	500X320X355
材料说明	Dimention and material customizing

Trough series

Name	Added fodder trough
Size	304/201 stainless steel -32
Dimension	φ 320mm
Material	Adopt food grade 304 stainless steel Integral stretch

Name	Added fodder trough
Size	304/201-28
Dimension	φ 280mm
Material	Adopt food grade 304 stainless steel Integral stretch

Name	Added fodder trough
Size	304/201-25
Dimension	φ 250mm
Material	Adopt food grade 304 stainless steel Integral stretch

Name	Added fodder trough
Size	Customizing
Dimension	Customizing
Material	Customizing

Auto Drinking Trough series

Name	Water bowl
Size	Large mode
Dimension	φ 210X170
Material	Food grade 304 stainless steel Integral stretch

Name	Water bowl
Size	Medium mode
Dimension	φ 185X150
Material	Food grade 304 stainless steel Integral stretch

Name	Water bowl
Size	Small mode
Dimension	φ 155X130
Material	Food grade 304 stainless steel Integral stretch

Auto Drinking Trough series

Name	Circle water bowl
Size	Extra large mode
Dimention	φ 215X135
Material	Food grade 304 stainless steel Integral stretch

Name	Circle water bowl
Size	Large mode
Dimention	φ 175X100
Material	Food grade 304 stainless steel Integral stretch

Name	Circle water bowl
Size	Medium mode
Dimention	φ 155X85
Material	Food grade 304 stainless steel Integral stretch

Name	Circle water bowl
Size	Small mode
Dimention	φ 135X70
Material	Food grade 304 stainless steel Integral stretch

Auto Drinking Trough series

Name	Long design water bowl
Size	Large Size
Dimension	320x225x90
Material	Food grade 304 stainless steel Integral stretch

Name	Long design water bowl
Size	Midium size
Dimension	265x185x90
Material	Food grade 304 stainless steel Integral stretch

Name	Long design water bowl
Size	Small size
Dimension	215x145x70
Material	Food grade 304 stainless steel Integral stretch

Auto Feeder system

Name : Dry and wet feeder
Size : 63cm*40cm*120cm
Volume : 100kg

Name : Dry and wet feeder
Size : 63cm*40cm*120cm
Volume : 100kg

Name : Dry and wet feeder
Size : 83cm*55cm*120cm
Volume : 100kg

Name : Dry and wet feeder
Size : 63cm*40cm*120cm
Volume : 100kg

Auto Feeder system

Name : Dry and wet feeder
Size : 63cm*40cm*120cm
Volume : 40kgs

Name : Dry and wet feeder
Size : 63cm*40cm*117cm
Volume : 40kgs

Name : Dry and wet feeder
Size : 83cm*40cm*120cm
Volume : 40kgs

Name : Cone mesh feeder
Size : 63cm*40cm*110cm
Volume : 50L

Floor series

Name	Cast iron floor
Material	Cast iron
Dimension	Standard or Customizing

Floor series

Name	Composite fiber floor
Material	Composite fiber
Dimension	Standard or Customizing

Floor series
